

K CHETAN KUMAR

B.Pharm | Certified Pharmacovigilance Associate (IGMPI) | Advanced Diploma in Clinical Research & Clinical SAS (CliniLaunch)
Ballari, Karnataka | 7019334362 | kchetankumar2426@gmail.com | K CHETAN KUMAR-LinkedIn

PROFESSIONAL SUMMARY

B.Pharm graduate with academic and certification-based training in Pharmacovigilance, Clinical Research, and Clinical Data Management. Skilled in accurate documentation, data handling, and analytical, quality-focused work, supported by hands-on exposure through industrial training and a validated analytical research project. Seeking an entry-level opportunity to apply pharmacovigilance, clinical research, and clinical data management knowledge in a professional pharmaceutical setting.

CORE COMPETENCIES

- **Pharmacovigilance / Drug Safety:** Pharmacovigilance and drug-safety fundamentals
- **Clinical Research:** Clinical research fundamentals, clinical-trial documentation
- **Clinical Data Management:** Clinical data management fundamentals
- **Clinical SAS:** Clinical SAS fundamentals
- **Pharmaceutical / Laboratory Skills:** Prescription reading and verification; inventory and stock handling; UV-Visible Spectroscopy (basic knowledge)
- **Documentation & Computer Skills:** Accurate documentation and reporting; MS Word, Excel, PowerPoint; professional email communication
- **Soft Skills:** Analytical thinking, problem-solving, attention to detail, teamwork, communication, adaptability, time management, organizational skills

EDUCATION

Bachelor of Pharmacy (B.Pharm)

Togari Veeramallappa College, Rajiv Gandhi University of Health Sciences, Karnataka
Nov 2021 – Oct 2025 | CGPA: 7.89

12th / PUC – PCMB

Pre University Board, Karnataka
Nov 2020 – Jul 2021 | 76.5%

10th / SSLC

Karnataka Secondary Education Examination Board
Sep 2018 – April 2019 | 84.32%

CERTIFICATIONS & PROFESSIONAL TRAINING

- Certified Pharmacovigilance Associate — IGMPi
- Advanced Diploma in Clinical Research & Clinical SAS — CliniLaunch
- CPR Training — Ballari Medical College and Research Centre (VIMS, Ballari) | 2025

INTERNSHIP / INDUSTRIAL TRAINING

Industrial Trainee — Formulation Research & Development

Analog Labs | May – June 2025

- Gained hands-on exposure to formulation research and development processes and laboratory practices in a pharmaceutical industry setting.

ACADEMIC PROJECT

Method Development and Validation of Duloxetine Hydrochloride by UV-Visible Spectroscopy

2024 – 2025

- Developed and validated a UV-Visible spectroscopy method for quantitative analysis of Duloxetine Hydrochloride in bulk and tablet dosage forms using Ferric Chloride.
- Determined λ_{max} and established linearity using a calibration curve.
- Performed method validation with reference to ICH Q2(R1) guidelines.
- Applied the validated method to the analysis of marketed tablet formulations.
